Topics

- Dates April 29th- May 3rd Turkey Mobilities
- Contents of the Turkish mobility:

Evaluation of the activities carried out up to now. Webpage ,etwinning ,activities, mobilities,outputs (20 minutes)

Mobility Tool and its use : the presentation of it .

Final Evaluation Report : The project coordinator is going to prepare a draft document and send it to all partners.(i will give very little info about the final report questions)(it takes 20 minutes)

The final Project product: projects final outcome which includes an preparing Manuals about the Speaking, Listening, Writing, Reading and Literacy Lessons. We will ask for e book examples and ideas from our partners .

The dissemination of the Project: what have we done by now and what can we disseminate the project to the larger communities. All partner will share their ideas each other.(each partner has about 10 minutes to talk on it)

Questionnaires and results: 15 mins talking by each partners

Sustainability of the project: Suggestions to be shared

eTwinning Quality Labels : presentation : how to apply for them.

We need a short ppt about it and present it to all partners

The Turkish partner presents the mobility's programme to partners.

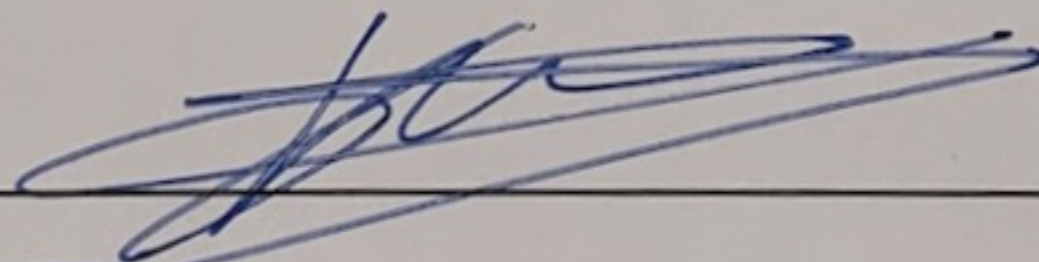

- Agreement on travel issues

German travel issues were discussed and shared with every partner.

The Agency of Foreign affairs issued a travel warning for German citizens to specific cities (e.g. Hatay) therefore German partner decided not to join the transnational meeting in Turkey. The German partners compromises to participate via Skype or any other available platform to attend the meetings therefore meeting the mobility's objectives.

Signed by all partners: (names see above)
